# Dog Adoption Information Morning at Leicester Animal Aid

A local cat and dog rehoming charity is holding a special event where potential adopters can find out more about the process and see residents looking for forever homes.

Leicester Animal Aid will be holding the Dog Adoption information morning at its Centre, in Huncote, on Saturday 29th March from 10am to 11.30am.

This event will take place in the Charity's newly refurbished training barn where visitors will be able to see the dogs in a fun, informal setting where they can exhibit their natural behaviours and put their best paw forward. Information and advice from qualified, well-informed staff will be available.

At the event, those who wish to take the next step can register their interest in their preferred dog. However, anyone who thinks they may like to adopt a dog now or in the future is welcome.

If you would like to attend this free event, you can contact the Centre or complete an online

booking form through L.A.A.'s website [www.leicesteranimalaid.org.uk/events](http://www.leicesteranimalaid.org.uk/events)

# Bring Back Beavers to Combat Flooding!

Recent floods in Leicestershire prompted a fascinating suggestion for a possible solution – bringing back beavers!

Alberto Costa MP, who represents South Leicestershire, claims dams built by the creatures “*help reduce water flow and flood risk*”.

His comments came after hundreds of homes were flooded and a major incident declared in Leicestershire early in January.

Costa said the reintroduction of beavers would need to be done in collaboration with local farmers to ensure risk to land is minimised.

Ben Devine, head of nature recovery at Leicestershire & Rutland Wildlife Trust, said beavers were once widespread across the country and “*played a crucial role in our wetland landscapes until they were hunted to extinction in the 16th Century*”.

He called them “*nature’s finest wetland engineers*” and said they helped “*create habitats that benefit other wildlife*”.

Mr Devine added: “*Research by the University of Exeter and Devon Wildlife Trust based on a*

*ten-year study of wild-living beavers in Devon shows that the animals are having a positive impact on flood and drought alleviation.*

*“The Wildlife Trusts are committed to working with communities and authorities at catchment scale ensuring robust feasibility and consultation to support successful wild beaver releases across England and Wales.”*

A government spokesperson said: “*Flooding this winter has shown there is much more work needed to be done to protect communities from the devastating impact it leaves behind.*

*“We are working with Natural England to review options on species reintroduction, including beavers.”*

# Be Kind to Hospital Staff

A new campaign has been launched to tackle physical and verbal abuse towards staff at Leicestershire hospital premises.

The 'Kindness campaign' was launched by University Hospitals of Leicester NHS Trust and features images of real healthcare workers talking about their recent experiences at the hospitals, with straplines such as *'we are proud to care for you'* and *'please don't abuse our staff'*.

Emergency department sister, Lily Jones, said: *"Once, a patient who could not walk became aggressive while waiting for someone to help him. We told him that we would help soon, but he threw a chair at us. It was a very upsetting experience. This campaign is so important and if it makes people visiting the hospital think twice then it will be making a difference to me and my colleagues."*

Figures show there are around 100 recorded incidents of aggression, including physical assault and verbal abuse, recorded at UHL sites each month.

Kim Hudson, Head of Security at UHL, said: *"Our dedicated teams are proud to care for you. We are compassionate and inclusive, which means we treat all patients and visitors with respect and kindness - and expect to receive this in return."*

*"While most patients and visitors treat our colleagues with kindness and respect, a small number seem to think it is acceptable to use sexist, racist and abusive language, and even physical violence. We take all reports of abusive behaviour towards our colleagues very seriously. Our colleagues work incredibly hard every single day to make a difference to the lives of so many people."*

*"We understand that being in hospital can be a stressful experience and at times patients, their families and carers might become frustrated, but please always show our colleagues the kindness they deserve. They are mothers, fathers, sisters, brothers, and friends who mean the world to their nearest and dearest, so please think about how you would want your own*

*family to be treated when they're at work."*

Last year, UHL introduced body worn cameras to the Emergency Department at the Leicester Royal Infirmary. The teams report that they are a successful deterrent for would-be offenders and, where needed, provide vital evidence to hand over to the police for further investigation. The cameras have been so successful that they will be rolled out in the Clinical Decisions Unit at Glenfield Hospital.

When responding to violent behaviour, UHL's security investigations team can issue verbal warnings in person, send warning letters, submit formal reports to the Police, and where necessary, they can obtain Criminal Behavioural Orders (CBOs).

In 2024, UHL became the first acute trust in the country to start using a safety app to keep its staff safe. Staff can download the app, share their location, and alert security teams about any safety-related incidents, including violence or aggression, at the touch of a button.

# We're opening our doors for Let's Dance!

**LET'S GET MOVING**

We are excited to announce that we are joining the Let's Dance Campaign!

This is a fantastic nationwide initiative spearheaded by Angela Rippon to bring people together through dance.

We invite you to join Dance with Hollie for an Open Day!

Since I started the Silver Swans adult ballet classes in 2021, I now have added low impact tap, Ballet Pilates (ballet 'on the ball') and Dance-sit to the timetable.

Classes are weekday mornings and are in a fun, supportive and encouraging environment, following safe dance practice.

Dance is a great way to build muscular and bone strength, improve balance, coordination, memory, cognitive function, flexibility and endurance. The social side of dance is a great way to meet new people, as we do meet up outside of the classes and do events that bring us

together.

I am a firm believer

that dance is for anyone, there is no age barrier!

Dance with Hollie classes have something for everyone, from Silver Swans Ballet and low impact tap, to floor based exercise to seated dance.

All classes are free to try so you can find your right dance fit, try something new, get back to something you once loved or just find a new way to get active and keep moving!

With the support from Let's Get Moving and the Let's Dance Campaign, come and visit me on my Open day on the 2nd March at Evergreen Hall Sharnford, see my new branding, discuss why dance is important and have a natter - It would be lovely to see you.

 *Dance with Hollie*

# LET'S DANCE

We are excited to announce that we're joining the Let's Dance campaign!

This is a fantastic nationwide initiative spearheaded by Angela Rippon to bring people together through dance.

Dance gets us moving – together – to tackle chronic health challenges, combat loneliness, and spend time with people we wouldn't usually meet.

This campaign is all about making dance accessible to everyone, with a focus on encouraging people to try out and embrace the joy and health benefits of dancing.

**We invite you to join Dance with Hollie for an open day!**

Come and talk to us about Silver Swans Ballet, Low Impact Tap, Seated Dance and Ballet Pilates 'On the Ball', pop in for a chat and talk to current participants about what the benefits of dance has done for them!
