# A Bond Across the Generations

Here's a story to warm the heart – an intergenerational initiative has seen a 14-year-old Duke of Edinburgh volunteer form a special bond with a 77-year-old Nuneaton grandmother.

Adopt A Grandparent (AAG) has shared the story of young Daniel Dominick and pensioner Linda Jones, resident at Acorn Lodge care home in Nuneaton – part of Avery Healthcare.

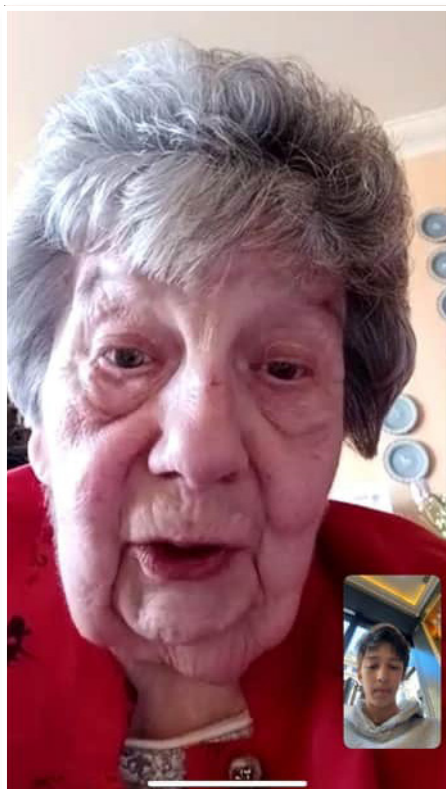

Daniel joined AAG with the hope of making a real difference in someone's life. When he was matched with Linda, a retired state-registered nurse with a love for reading, gardening, and socialising, their bond quickly grew into something truly special.

Daniel and Linda have discovered a wealth of shared interests. Their calls have become a highlight for both, with Daniel expressing how much he looks forward to their conversations. Describing Linda as “*amazing*,” he has embraced the opportunity to learn from her life experiences while bringing companionship and fresh energy into her daily routine.

Linda, who has always loved meeting new people and engaging in meaningful discussions, was equally excited to be paired with Daniel. Their conversations, which touch on everything from travel to hobbies, have brought laughter and connection into their lives, proving that friendship knows no age.

Founder and CEO of Adopt A Grandparent, Shaleeza Hasham, said: “*Daniel and Linda's story is a beautiful reminder of how much we can learn from one another, regardless of age. At AAG, we're not just fostering companionship; we're creating moments of joy, understanding, and shared experiences that leave a lasting impact. The enthusiasm and kindness that young volunteers like Daniel bring to the programme prove that even the smallest conversations can make the biggest difference.*”

With an increasing number of young volunteers signing up through the Duke of Edinburgh programme and beyond, AAG continues to

expand its reach, connecting generations and transforming lives.

# Huge Donation from League of Friends

Patients and staff at George Eliot Hospital's Endoscopy team are benefitting from thousands of pounds worth of equipment donated by the League of Friends charity.

Among the generous donation were 12 high-spec patient tables for beds in the recovery ward, 10 study chairs for staff and a freezer and fridge.

The modern endoscopy unit at George Eliot Hospital hosts the Midlands Endoscopy Training Unit which supports learning across the midlands.

Welcoming the donation Dr Edmond Sung, Consultant in Gastroenterology and General Medicine and clinical lead said: *"We are hugely grateful for the kind donations which will really make a difference to the team here and to the patients we care for."*

*"We are proud to be able to train fellow professionals and the study chairs will help make that process a little easier. The patient tables add to the comfort and convenience of patients during their time with us."*

Mike Parsons, Chairman of The League of

Friends said: *"We are always delighted to be able to support the work of the fantastic teams here at the hospital and to improve the experience of the patients. It's what we're here for."*

*"Thank you to the volunteers who support the League of Friends who make all this possible."*

The League of Friends is always keen to recruit new volunteers. If you are interested, contact 02476 865000 or search for 'george eliot hospital league of friends' to take you to their dedicated webpage.

# Major Makeover Planned for Outside of Town Hall

The area outside Nuneaton Town Hall is set to be transformed, with the works funded by the UK Shared Prosperity Fund and including new plant areas at the front of the building.

The refurbishment will include the removal of all existing shrubs, trees and lighting with a new planting scheme and statement hard landscaping installed.

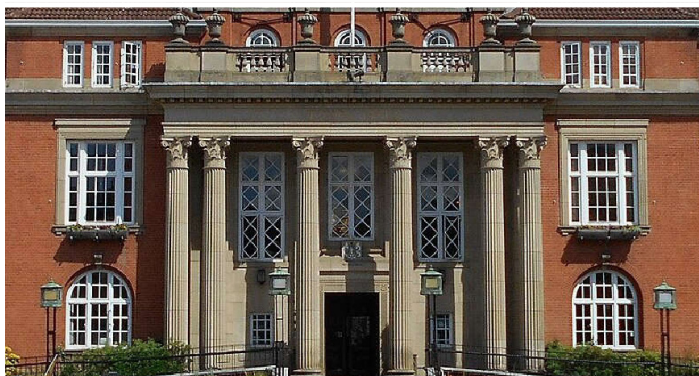

There will also be the reinstatement of the floodlighting.

Due to the nature of the project, a temporary footpath closure will be required with the works programmed in two halves.

The closure will allow continued access to the Town Hall from the front entrance via one of the ramps.

Cllr Tim Jenkins, Portfolio Holder for Leisure, Health and Communities, said: *"Nuneaton Town Hall has been a focal point of our Borough since the 1930's and attracts thousands of visitors and customers each year."*

He added: *"This is a positive step, not just for the Town Hall but for Nuneaton in general."*

*"This work will create a more attractive and inviting frontage and will also provide valuable nectar sources for our butterflies, bees and other pollinators."*

# Leicester Animal Aid

Leicester Animal is looking to build up its network of foster carers to provide temporary homes for dogs that are not suited to kennel life.

Could you open your heart and home to one of our dogs? This could include dogs that are extremely anxious, have a medical condition or struggle to be in an environment with other dogs. This volunteer role is extremely rewarding knowing that you are improving the dog's chances of finding a forever home by providing a nurturing, loving and calm environment.

So, if you have lots of love, time and patience and want an animal in your life without the long-term commitment of your own dog, this could be the opportunity for you. L.A.A. will cover costs, including food and vet costs, and will always be there to offer support and guidance.

For full details about the type of foster homes we're looking for and how to apply head over to our website to complete an application form [www.leicesteranimalaid.org.uk/foster](http://www.leicesteranimalaid.org.uk/foster) or call the Centre on 01455 88257

# Summer Opening Hours for Judkins Recycling

Extended summer opening hours are now in place, making recycling even easier at Nuneaton's Judkins site.

The Household Waste Recycling Centre is offering greater flexibility with a later-evening opening on Wednesdays until 6:00 pm and all recycling centres opening until 5:30 pm over the weekend.

Visitors are advised to pre-sort waste when packing their car for an efficient visit. Full details of all the waste streams that can be recycled at the nine recycling centres in the county, and details of how to book, can be found at: [www.warwickshire.gov.uk/hwrc](http://www.warwickshire.gov.uk/hwrc)

Booking is required for a 15-minute slot for a car. Where there is availability, appointments can be made on the day, up to just a few minutes before the appointment. Advance booking is strongly recommended to avoid disappointment as the centres are likely to become extremely busy over the spring and summer months.

Summer opening times are as follows:

- Monday, Tuesday, Thursday and Friday  
- 9:30am to 3:00pm
- Wednesday - 9:30am to 6:00pm

- Saturday and Sunday - 8:30am to 5:30pm

Andrew Pau, Head of Waste and Country Parks said: *"I would like to thank all our residents in Warwickshire, who continue to reduce waste generated in the home and separate waste for recycling. Recycling all that you can at home is one easy way to cut carbon emissions and help the environment."*

*"We have made tremendous progress in reusing, recycling and composting our waste and we hope to see these positive behaviours continue and spread as we move towards our ambition of becoming a net zero county by 2050."*

# Thank You Optical People For Saving My Sight

"I am so grateful for the excellent service I have received from Optical People. Having noticed for a few days that my sight didn't feel quite right, I contacted them to arrange for an eye test. Lauren, the manager, was so helpful and managed to get me an appointment the very same day."

"During my eye examination, Pooja, the optician, quickly identified that I had a swollen optic nerve and a small haemorrhage in my right eye. I was referred to the Eye Casualty at L.R.I. the same afternoon. I was diagnosed with non-arteritic ischemic optic neuropathy."

"I can't stress enough the importance of having regular eye tests. If I hadn't visited Optical People when I did, I might not have known about this serious condition."

"I'm so grateful that my problem was picked up and dealt with so efficiently."

I now encourage everyone to have regular eye exams—they could save your sight, just as mine did."
